In response to a recent phone call from Examiner Wang (kindly instructing Applicant to file a revival petition), Applicant herein respectfully submits a petition under 37 CFR 1.181(a) to request withdrawal of the holding of abandonment for nonreceipt of an Office action for Applicant's Serial No. 10/016,011 that is the divisional filing of Serial No. 09/293,089, now U.S. Patent No. 6,341,354.

Applicant has been utilizing Applicant's residential mail box for receiving the mails from PTO. Applicant's mail box without any locking mechanism is on a residential street. Mostly Applicant picks up the mails, but anyone can access Applicant's mail box.

Applicant is an individual inventor and has organized the patent application in a single file folder, containing all of the correspondences and documents received from and sent to PTO. Applicant neither has recollection of receiving nor finds an office action since the receive of a post card (dated 12/17/01) issuing the Serial. No. 10/016,011 for Applicant's current divisional filing, after checking the file folder.

Thus, Applicant respectfully requests the petition for reviving Sr. No. 10/016,011 be granted. Should any procedure need to be completed further, Applicant may be quickly reached at (248) 737-0133 by phone or email [ist\\_HL@yahoo.com](mailto:ist_HL@yahoo.com).

Very Respectfully submitted,

By
